

TRAVEL & LEISURE MAGAZINE NAMED  
KAUAI  
THIRD BEST ISLAND ON THE EARTH 2014

Our laid back "Garden Island" is getting noticed.  
We are glad what was created by nature has been left alone.  
Kauai is the oldest of the major Hawaiian islands and most widely separated from the rest of the island chain. Kauai displays unique geological features chiseled by rain, wind and waves over thousands of years. Mountains and sea combine to form 555 square miles of the "Garden Island" with rain forests, waterfalls, rivers, crystalline blue water beaches and the steep ravines of the Na Pali coastline and Waimea Canyon.  
We believe Kauai remains nature's true tropical heaven.

The GARDEN ISLAND INN at Kalapaki Bay/Lihue wants to welcome you back to paradise. We have been beautifying and modernizing the rooms, enhancing our tropical landscape - even a new whale mailbox by Camille Fontaine! Solar panels are being added to the room taking advantage of the year round sunshine. Our biggest priority is making our guests happy.

Saving on energy costs, we can remain an affordable, independent, boutique hotel. This capture of solar energy will save fossil fuels and our carbon footprint. Celebrate with us as we take steps to go GREEN!

Our signature Christmas lights on the railings are now LED blue ropes depicting ocean waves across the decks.

Happily our extraordinary staff - Joyce, Sheila, Germaine, Erin - are booking rooms and ensuring your visit

with us exceeds your expectations.  
The beautiful housekeepers and  
Patrick on Maintenance perfect their  
"eye for detail" evidenced by the shine  
at the hotel. Join us for tropical  
pumpkin pie served as a breakfast  
treat!

Summer months are filled with  
activities: Kauai hosts marathons,  
half-marathons, 5K and 10K races,  
ocean swims, cycling, triathlons,  
canoe paddling, sailing and fishing  
competitions.

Concerts, music, hula, local arts and  
crafts and farmers' markets too! We  
welcome people from around the  
world to join us in our constant  
celebration of life!

ALOHA
